Dear Ms. Mentjes:

On behalf of the Corona Women's Business Partnership please accept my gratitude for the outstanding presentation you gave in October. The goal of "*Exploring Your Potential for Greatness*" was to assist the women in attendance to realize their business potential. Your presentation, visualization exercise and group project achieved greater participant benefit than we anticipated. The following quote is a testimonial of what we accomplished.

"As women, it seems somewhat natural for us to see solutions to situations in other people's lives but we are reluctant to look inward and challenge ourselves in areas of change that could be beneficial to us personally and professionally. At our last CWBP meeting Ursula Mentjes of Potential Quest, Inc. gave us that very opportunity.

Ms. Mentjes walked me through some simple yet crucial steps to honestly look at where I am today and what actions I will need to take to reach goals I have set for myself and my business. Simple? Yes. Imperative for success? Absolutely!"

Sincerely,

Michelle Skiljan
